

ERASMUS+

ROTATE CAMPUSES AND GAIN REAL
EXPERIENCE WHILE STUDYING!

Erasmus+

UNIC | Erasmus

WHAT IS THE ERASMUS+ PROGRAMME?

- A European programme for education, training, youth and sport
- Aims to send millions of students to study, train, and volunteer abroad
- Offers the possibility to travel, acquire work experience and study all across the world
- Boosts the skills and employability of its participants

PARTICIPATION OPPORTUNITIES FOR STUDENTS OR RECENT GRADUATES OF UNIC

If you are a full-time registered student attending an on campus or online Bachelors, Masters or PhD programme, you have the unique opportunity to:

- Study abroad up to 12 months per cycle of study as a student
- Work abroad up to 12 months per cycle of study as a recent graduate
- Have full recognition of your courses back at UNIC
- Have full recognition of your internship abroad when back home
- Receive a grant for travelling and subsistence for the whole period of your stay abroad
- Learn a new language and connect with a new culture
- Make new friends and perhaps travel around the globe in their company
- Pay no fees at the host institution
- Follow online linguistic courses to learn and improve the foreign language you choose
- Invest in your personal and professional growth while travelling abroad
- Improve your Curriculum Vitae (CV)

WHY PARTICIPATE?

- Because it is a fabulous opportunity to experience Europe and the world
- To experience how your chosen subject of study can be approached differently
- To put into practice your independence and self-reliance
- To make friends across Europe and the globe
- To add something very significant to your CV and create new job prospects for yourself
- To become more competitive in the professional sector

GOOD TO KNOW!

- 64% of the employers in Europe, consider international experience as an important factor when recruiting employees
- 92% of the employers in Europe are looking for transversal skills such as openness to and curiosity about new challenges, problem-solving and decision-making, confidence, and tolerance towards the personal values and behaviours of the “other”
- 80% of students participating in Erasmus are employed within three months of graduating
- Erasmus students are almost *twice* as likely to work abroad
